

Unlock nutrients in your foods with

Relief

DIGESTIVE ENZYMES

Dietary Supplement

Great health begins with a healthy digestive system.

Eating fuels the body with nutrients that are vital to overall health, growth and maintenance. Basically EVERYTHING that the body does and how it functions is directly influenced by what we eat. **The key is to support a healthy digestive system that will transform the foods we eat into something the body can ABSORB and USE.**

What happens to foods that the body does not use?

In a healthy digestive system, the body will absorb nutrients that it needs and properly eliminate "food material" that is not used through healthy, regular bowel movements. Unfortunately, most meals that we eat today are cooked and processed—such as pastas, breads, meats, canned foods, snacks, and sweets. The heat used to cook, process, and pasteurize foods can deactivate some naturally occurring enzymes and alter its nutritional content. When the digestive system is stressed, it can create feelings of discomfort, uneasiness, extended feelings of fullness, or throw off your daily bowel movements.

Why are enzymes vital for breaking foods down?

By nature, all living foods have enzymes in it. Through our cooking practices we deactivate these naturally occurring enzymes and call on the body's supply of enzymes to do ALL the work. This can be overwhelming! Prevail Relief contains a broad array of vegetarian enzymes your body needs to support healthy digestion.

Probiotics are an important key to help support healthy digestion

Probiotics (friendly bacteria) help support healthy digestion by maintaining the health of the intestinal lining and produce enzymes to support the continued breakdown of foods as it travels through the system. Prevail Relief is enhanced with probiotics to help maintain a healthy intestinal system.

90 Capsules Per Bottle

Supplement Facts

Amount Per Serving	% Daily Value*
Zinc (as Bisglycinate Chelate) 1.35 mg	12%
Copper (as Copper Glycinate) 0.9 mg	100%
Manganese (as Bisglycinate Chelate) 0.6 mg	26%
Happy Belly Fermented Enzyme Blend 1000 mg (Lipase 15 HIP, Cellulase 300 CU, Lactase 1,200 ALU, Protease 9,000 PU, Peptidase 15,000 HUT, Maltase 225 DP, Invertase 495 SU, Hemicellulase 1,650 HCU, Amylase 12,000 DU, Protease 47,250 HUT)	†
Gut Support Blend 50.25 mg (Ginger Root (Zingiber Officinale), Lactobacillus Acidophilus DDS(r)-1 (200 billion CFU/g), Lactobacillus Plantarum (LP-115) 400 billion CFU/g Dupont, Lactobacillus Bulgaricus (50 billion CFU/g), Chinese Licorice Root (Glycyrrhiza Uralensis) (Gan Cao)	†
Cellular Energy 24.88 mg (Black Strap Molasses Powder, Magnesium Glycinate Glutamine Chelate, Enterococcus Faecium (300 billion CFU/gm), Streptococcus Thermophilus (400 billion CFU/gm))	†

*Daily Value not established. †Based on a 2000 calorie diet.

Other Ingredients: Beet Fiber, Hypromellose (Veggie Capsule), Plant-Based Vegetarian Magnesium Stearate.

CAUTIONS AND WARNINGS: Consult a Health Care Professional prior to use if you have any medical condition or are taking any medication. Do not use if you are pregnant or breastfeeding. KEEP OUT OF REACH OF CHILDREN. Store in a cool, dry place

**THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FDA. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

DIRECTIONS: Take one (1) capsule three (3) times daily with food or as directed by a medical professional.

With Domestic & Imported Ingredients
